

Trip to Skills Zone

PSHE

What makes me, me?

We will be exploring 'Me and my relationships'.

French

How can I tell someone about my family in French?

We will be learning how to talk about our families, in French.

Science

How have animals (including humans) evolved over time?

We will be exploring what fossils tell us about how living things have changed over time and how the adaptations of living things, to their environment, leads to evolution.

We will also be exploring how offspring are like their parents but not identical.

History

Where is my place in history?

Chronology

We will be learning about chronology and where our local history fits in time and place.

Reading and Writing

Our book: Wonder (RJ Palacio)

In reading, we will be focusing on fluency, vocabulary, summarising and comprehension.

We will be writing two extended pieces of writing: a journal entry and a narrative.

Maths

Place value : We will be ordering and comparing numbers to a million.

Written methods of addition, subtraction, multiplication and division.

Physical Geography

What lies beneath our feet?

Earthquakes: We will be learning about tectonics, why earthquakes happen and the impact they have.

Music

What is POP/SOUL music?

Our song: Happy (Pharrell Williams)

We will be listening to, and appraising, this POP/SOUL song. We will be performing it with musical accompaniment and recording our improvisations with musical notation.

R.E

Creation and science

Conflicting or complementary? Discuss.

Computing: We are app planners

We will be learning all about app design. We will be exploring what makes an app successful and then planning our own app!

P.E.

Dance: How do dancers create and perform their routines?

We will be performing a dance routine based on the Olympic Games, using a simple range of co-ordinating movements.

Handball: What skills does a handball player need?

We will be learning how to shoot, attack, defend and how to use these skills to play handball.
